

The Tudors

Find 5 fascinating facts about the Tudors! You can include pictures and any information that you find interesting!

Some questions you may like to look into are:

- Who was Henry VIII? How many wives did he have?
 - When did the Tudors rule England?
 - What was it like living in Tudor times?

You may present these in any way you choose, except powerpoints, make it interesting to look at and read! You might like to make a poster, leaflet, model, piece of art etc.

These will be shared in our topic lesson on Thursday 5th September.

I hope you have a lovely summer break.
